

Main Page (ClubDiscovery)

Users receive messages of events and favorite clubs' updates on the main page.

Filter

The user is can select the filter type (schedule and clubs) and visualize the remaining clubs after each filter is applied.

Schedule

Users can easily import their university schedule or manually set it.

Set Schedule

Free time is selected in green, per weekday.

Clubs

Clubs are grouped by main topic, that can be expanded.

Clubs

It's possible to select the specific clubs desired for filtering.

Favorites

Users can see their list of favorite clubs in case they want to obtain more information about them.

Women's Soccer

Club's information can be accessed after filtering or on "favorites" in case a user liked the club by clicking on the heart button.

Messages

Users can initiate conversations with the chatbot to quickly have their questions answered.

Messages

In case the chatbot doesn't know the answer to a question, it redirects the question to a club leader.

Calendar

The calendar shows permanent events in green circles and extra ones in yellow squares. Different formats are chosen because of color-blind users.

Disney night

The event information can be seen and added to the university's calendar.
